PUT BAND ON PICK UP RIDES

ORDINANCE INSURES PEACE OF WOMEN PEDESTRIANS.

PAVING RESOLUTION IN

Declares Necessity for Improving Walnut Street—Contracts With Construction Company Approved

An ordinance was passed by the City Council last night for the purpose to promote peace and safety of women on the public strets of Maryville. The city attorney wrote in the ordinance, which took effect at its passage:

"It appearing that women lawfully on the public streets of Maryville are being daily annoyed by the wrongful acts of persons improperly soliciting them to become occupants of vehicles, creates an emergency and this ordinance is made for the immediate preservation of the public peace and safety of the inhabitants of the city of Maryville."

The main provision of this ordinance is to the effect that every person, by word, solicitation, act or conduct, attempts to induce any female with whom he is not personally acquainted, to become an occupant of any motor vehicle, against the will of such female, is guilty of misdemeanor and subject to a fine of not less than $5 or more than $100, or a jail sentence of not more than six months, in jail or both.

The ordinance reads that it contains nothing that shall prohibit the lawful drivers of taxicabs for hire to solicit patronage.

Mayor W. O. Garrett in making somewhat explanation of this ordinance said this afternoon that it is meant to deal with those persons who maliciously attempt to "pick up" in their automobiles on the streets of the city, women with whom they are not acquainted.

He also said that he did not wish to have the impression conveyed that the ordinance forbade friends offering rides to the students back and forth between the College and the city or to different parts of the city.

A paving resolution was introduced by the City Council last night, declaring the necessity of improving and paving Walnut street from the south line of the Wabash right of way to Twelfth street, the right-of-way being approximately at Ninth street.

The proposed paving for the three blocks on Walnut is a 2½ inch vertical fiber brick on a 4 inch concrete base, with a 1 inch cushion of sand between the concrete base and the paving brick, and asphalt filler over the brick. The paving will be twenty feet from curb to curb. This resolution was introduced by the Council upon the presentation of a petition recently signed by property owners abutting this portion of Walnut street, requesting the City Council to order in paving.

The Council will meet again on May 11 for the final adoption of this resolution.

The City Council also passed four ordinances letting the paving contract to the Cook & O'Brien Constructing Co., of Kansas City. The contracts are for paving on:

South Main street between Halsey and Lincoln streets, which calls for approximately 2,935 square yards of 7 inch re-inforced concrete;

On Market street between First and Second street, calling for approximately 852 square yards of 7 inch re-inforced concrete.

On Dunn street between Second and Fourth streets, calling for approximately 1,520 square yards of 7 inch re-inforced concrete;

And on a portion of Lincoln street and South Main street to the north end of the state road, calling for an estimate of 2,820 square yards.

These projects were all let at the following figures: For 7 inch re-inforced concrete, $2.72 a square yard. Excavation and grading, 70 cents a cubic yard. Rolling and finishing subgrade 15 cents a square yard. For curb, 55 cents a lineal foot.

First Annual Banquet Of Ravenwood Alumni

Banquet Will Be Held at School Building the Night of Saturday, May 16.

The first annual banquet of the Ravenwood High School Alumni Association will be held at the Ravenwood High School building Saturday night, May 16. The Association was just formed last year and it is planned to make this re-union an annual affair. The Ravenwood Parent Teachers' Association will serve the dinner that night.

Officers for the ensuing year will be elected at the dinner. The present officers are:

Miss Gertrude Horton, president; Eldon Steiger, vice-president; and Miss Mildred Hubbell, secretary-treasurer.

Twenty years ago the first graduating exercises were held at the Ravenwood High School. E. G. Cook was the first teacher to be in charge of the exercises and he will be present at the dinner May 16. Roy Hanna, who was a teacher there in 1907-08 has also been invited.

In the afternoon a program will be given at the school building by the alumni and former students.

SPECIAL SERVICE.

The Democrat-Forum is still maintaining its special carrier service after 7:30 o'clock each evening.

If at any time your regular carrier fails to leave your copy of the Daily Democrat-Forum and Tribune, please call this office between 7 and 7:30 o'clock. A carrier boy will be on duty at this office and will take your name and address, and at 7:30 o'clock he will start out on the special delivery. There is no extra charge for this additional service, for we want every subscriber to get the paper every night.

On account of the consolidation, it will be a few days before the carrier boys can get their routes straightened out and all the papers delivered to the proper parties. In the meantime, we ask that the subscribers be tolerant as mistakes will occur within the next day or two.

However, when you fail to get your paper, please phone this office between 7 and 7:30 o'clock and a copy will be delivered to you.

A WONDERFUL ORGANIZATION

THE MINNEAPOLIS SYMPHONY THRILLS CAPACITY CROWD.

MISS TIFFANY PLEASES

Orchestra Gives Program Yesterday Afternoon and Evening—Artists' Concert Is Tonight.

From the sweet, mellow strains of a German overture to the magnetic appeal of Sousa's "Stars and Stripes Forever" the Minneapolis Symphony Orchestra, the outstanding feature of the Spring Music Festival, thrilled a capacity audience for nearly two hours at the College auditorium last night.

From the time Henri Verbrugghen, conductor, raised his baton to signal the opening of the program until his final bow, the audience last night was thoroughly delighted by the colorful presentation.

The audience expected much from Henri Verbrugghen and it was not disappointed in the least. By taking the stiffness of tradition out of the symphony Mr. Verbrugghen made it appeal instantly to his audience and still accentuated the eraglike majesty of the work, its sweep and glorious alternation of light and shade. Few had heard the lovely slow movements played more beautifully.

In his presentation of Symphony No. 5 in C minor, Op. 67, Verbrugghen introduced Beethoven to his audience as a very human sort of fellow. By the rounding off of phrases here and there, slightly altered paces and a masterly use of dynamics, this selection gave proof of the wonderfulness of the Minneapolis organization.

The opening overture to "Der Freischuetz," (Weber), started with an almost whispering softness but gradually and evenly assumed the proportions of a concerted volume that seemed to roll and swell like the tides.

The interpretation of "Danse Macabre," (Saint-Saens) displayed the director's immediate response to color values, and his delicacy in applying them. In this selection, Gustave Tinlot, the concert master, played the solo part. Mr. Tinlot, who goes East next year to begin work with the Eastman School of Music in Rochester, proved a very fine violinist to present more or less modern French music. He has the refined tone, the daintiness and the quiet imagination for it, and a deliciously neat technique behind it.

Miss Marie Tiffany, soprano, who sang with the orchestra last night easily won her way into the hearts of her hearers. With a soprano voice of quality, so fresh and fine with range and sympathetic ring, she had no difficulty in lifting her audience to the peak of enjoyment. Her highest tones register particularly clear and exquisite. Both of her regular and encore numbers were thoroughly enjoyed by the vast audience of music lovers last night.

The orchestra was equally pleasing in its program yesterday afternoon and graciously responded to several encores.

The artists concert, including selections by Mrs. Allen Taylor, soprano, Mrs. Raymond Havens, Contralto, Ernest Davis, tenor, and David Grosch, bass, will be given at the College auditorium at 8:15 o'clock tonight. Thomas H. Annett of the College Conservatory of Music will be the accompanist.

No Communism For Mexico, Calles Says

President Notifies Russian Legation That Interference in Internal Affairs Will not Be Tolerated.

Mexico City, May 5. — President Calles today formally notified Russia through the soviet legation here that Mexico would not tolerate any interference in her internal affairs nor permit Russia to use its legation here as the stepping stone to communizing the Americas.

The notification was in answer to a recent statement by a high soviet official that Russia hoped to extend communism throughout Central America.

W. E. Wyeth of St. Joseph will come tomorrow night to be the guests of Mr. and Mrs. F. M. Cummins.

A. F. Mutti of Hopkins was a Maryville visitor today.

George McMurry To Vets State Meeting

Will Represent Local Post of United Spanish War Veterans—Plans Made for Decoration Day.

George McMurry was chosen as the delegate from the local post of United Spanish War Veterans to the state encampment to be held at Joplin June 14-17, at a meeting of the post members last night.

David J. Reynolds of Guilford was taken in as a new member of the Spanish War Vets post.

Arrangements were made at the meeting last night to take part in the Memorial Day exercises here. The G. A. R., American Legion and Veterans of Foreign Wars will also participate in the ceremonies.

The next meeting of the local post of Spanish War veterans will be held on June 1 at the farm home of Miles Spargur near Gaynor. Mr. Spargur is junior vice-commander of the local post. The meeting will be in the nature of a picnic and all members and their families are invited to attend.

THINK COUNTY HAS WAY OUT

SEN. WHITECOTTON BELIEVES PAYMENT CAN BE AVOIDED

MOTION FOR REHEARING

County Court Here Instructed A. F. Harvey To File Such a Motion—Will Take Steps Possible.

A motion for rehearing will be filed in the case of the State of Missouri, ex rel Charles F. McCaffrey against the Nodaway County Court, it was decided at a conference this morning by the court with their attorney, A. F. Harvey. The motion will be filed soon.

The county court intends to take every step possible to fight the additional salaries of prosecuting attorneys. It will mean about $15,000 will have to be paid out from the county funds and as the county funds are already in bad shape, the court will not be able to do any improvement work that is needed and will have to curtail many of their own expenses.

According to a dispatch from Moberly, it states if certain steps are taken by the county court of Randolph county, Redick Bryan, former prosecuting attorney and W. M. Stringer, present prosecuting attorney of that county, may not receive the back pay and increase in salary which they expect under the ruling of the Supreme Court, according to J. H. Whitecotton, who was in Moberly yesterday.

"Our prosecuting attorney in Monroe Co. has filed his suit for back pay and increase in salary," said Senator Whitecotton, "but we think we have the case beaten. I am very sorry that certain action I took while in the senate did not go farther, because then this matter of back pay and increase in salary would not have come up."

Senator Whitecotton is of the opinion that the County Court of Randolph County may take certain legal steps to avoid payment of the back salary, as well as the doubling of the present salary of the prosecuting attorney.

He is preparing a statement as to the present legal status of the case, and it will be published in the Moberly Monitor-Index.

"I went to the governor, personally," said Senator Whitecotton, "and told him that this was coming up, and the trouble that would be caused. Then I went to the speaker of the house and the floor leader and they agreed that I was right in seeking to amend the law so as to prevent any increases in salaries. I don't know what happened after the amendment went to the house."

Stewartsville Bank Robbed By Bandits

Four Masked Men Point Guns At Woman Cashier And Escape With $4,000 In Cash.

Brookfield, Mo., May 5.—Four masked bandits, covering the lone woman cashier of the First National Bank at Stewartsville, with eight guns, scooped up $4,000 in cash this afternoon and escaped in an automobile.

William Barber and Dr. J. C. Manning of Skidmore were Maryville visitors today.

1-4 MILLION IS NECESSARY

ESTIMATED CURRENT COUNTY EXPENSES FOR 1925.

COUNTY LEVY 33 CENTS

County Court Fixes Apportionment For Different Funds—Road Cases Set for June 15.

The county court in session this morning estimated the county's current expenses for the year at $250,000 and ordered that a county tax of 33 cents be levied on each $100 assessed valuation, as acted upon by the board of equalization. This is an increase of 3 cents over the 1924 levy.

The estimated revenue will be nearly $200,000 of which about $170,000 will be apportioned for county purposes and $30,000 for township purposes. Of the 33 cent levy, 28 cents is for the county and 5 cents for the townships. An additional state levy of 10 cents and a special road and bridge tax to 10 cents on the $100 assessed valuation bring the total levy to 53 cents.

The school levy is whatever it is voted in each district. The school levy as voted for the Maryville district is $1 on the $100 valuation. This will make the levy in Maryville $1.53 without the city tax levy.

The estimated expenses for the county will be met, if all taxes are collected, by the tax levy of 33 cents plus the tax on railroads, telephones, telegraph and electric light companies and all merchants' statements in Nodaway County. Last year the levy was set at a total of 30 cents by the county court, and this was estimated to bring about $185,000 revenue.

The 10 cent state levy is divided as follows:

5 cents for state revenue.
1 cent for state capitol building.
2 cents for blind fund.
2 cents for state soldiers bonus.

In Grant township the tax will be heavier as the court has authorized a 12 cent levy deemed necessary to pay the principal and whole amount of interest this year on the Grant township road bond.

Apportionment for the different funds was divided as follows:

Salary fund 4-28.
Bridge fund 14-28.
Contingent fund 4-28.
Pauper fund 5-28.
Jury fund 1-28.

Other special levies made for different townships are:

An 8 cent levy in Hughes township to pay the principal and total interest for 1925 on the Hughes Township-Nodaway County Road Bond.

A 15 cent levy in Independence township to pay the principal and interest on the Independence Township Nodaway County Road Bonds.

A 5 per cent levy in Lincoln township to pay the principal and interest on the Lincoln township-Nodaway County Road Bonds.

An 8 per cent levy in Nodaway township to pay the principal and interest on the Nodaway Township-Nodaway County Road Bonds.

A 10 cent levy in Washington township to pay the principal and interest on the Washington Township-Nodaway County Road Bonds.

The court has extended the date for the hearing two road cases. One is in regard to opening a road in White Cloud township, one mile west from the Davis school; and the other is in regard to closing about three-quarters of a mile in Grant township, located about five miles southeast of Arkoe. The court set the date for hearing these cases on June 15.

The bonds of three township collectors were approved this morning. The $70,000 bond of Charles Geyer, collector for Nodaway township; the $300,000 bond of Emmett Bartram of Polk township; and the $53,000 bond of Ernest G. Ingles, collector of Union township; all being approved. Mr. Ingles recently filed his bond with George H. Swaney, C. R. Harmon and A. A. Ingles as sureties.

The court also approved of the agreement made by the county treasurer Mrs. Bess Thorp, with the county tax attorney, Charles Stilwell. The agreement is that the tax attorney is to get a commission of 10 per cent of all back taxes collected, wherein suit is instituted in circuit court.

Bids having been advertised for county depository the four banks of Maryville, the Farmers Trust, Nodaway Valley Bank, First National Bank and Real Estate Bank, all put in bids of 3 per cent for the next two years on the daily balance of county funds.

The court had the understanding that the county fund will be split equally among the banks, according to the same agreement that has existed the last two years.

Elmo Man Operates Car Without License

Hollis Thompson Enters Plea of Guilty and Assessed a Fine by Judge W. L. Johnson.

Hollis Thompson of near Elmo was arraigned in justice court before Judge Warren L. Johnson yesterday afternoon and entered a plea of guilty to operating a motor vehicle without a state license. He was fined $5 and costs.

Thompson was arrested at Elmo by Deputy Sheriff O. V. Knuckles of Elmo and brought here at once.

MYERS MUST TAKE CHANCES

NO IMMUNITY FOR FORMER GORIN BANKER.

JURY IN SESSION SOON

Invstigating Body in Scotland County to Convene May 18—To Grant No Privileges.

Jefferson City, May 5.—Roy T. Meyers, former cashier of the defunct Gorin Trust Co., of Gorin, Scotland County, Mo., will not be granted immunity to return and testify before the grand jury in that county, which convenes May 18, according to a statement here today by Charles C. Moore, prosecuting attorney of Scotland County.

"I was approached the other day in Quincy, Ill., by Jack Reed, attorney for Myers, who intimated that he would like to arrange with me for an immunity for Meyers," Moore said today. "I told Reed that the only way Meyers would be treated after he returned to Scotland County would be the same as any other violator of the law, and he would have to take his chances on the charges against him."

Mr. Moore's visit to Jefferson City today had nothing to do with the pending investigation before the Scotland County grand jury on charges against J. B. McCutcheon, or any bearing on the allegations of the attorney-general on which Frank C. Millspaugh, ousted state finance commissioner, was suspended from office.

He came here to obtain extradition papers for the return to Scotland County of John McHenry, wanted on a charge of first degree robbery, and now under arrest at Waco, Texas.

Harmony Woman Dies In St. Joseph Hospital

Mrs. Frank West Succumbs This Morning—Body Arrived in Ravenwood on Noon Train Today.

Mrs. Frank West, 52 years old, died at 6 o'clock this morning at the Missouri Methodist Hospital in St. Joseph where she underwent an operation for a complication of diseases yesterday. She was taken to the St. Joseph hospital yesterday.

The body arrived in Ravenwood on the noon train today and was removed to the West home, one mile west of Harmony. No arrangements have been made for the funeral.

Mrs. West had lived in Nodaway County, near Ravenwood, most of her life. Surviving are her husband, two sons, Vern West, Stanberry, and Floyd West, Harmony, and one daughter, Mrs. Herbert Gard, Orrsburg. Her father, Thomas McWhorter, Stanberry, one sister, Mrs. Hugh Crawford, Minnesota, and two brothers, Oakley and Joseph McWhorter, Stanberry, also survive. Mrs. Stella Porter of Maryville is a sister-in-law.

EUROPE MUST GET TO WORK

HOUGHTON'S SPEECH MEETS PRESIDENT'S APPROVAL.

MUST QUIT DICKERING

Ambassador to England Makes It Plain America Will Not Tolerate Quibbling and Militaristic Ambitions.

Washington, May 5. — President Coolidge regards Ambassador Houghton's speech in London last night as a correct interpretation of what the American people would like to see accomplished in Europe, it was said at the White House today.

President Coolidge expressed the wish to callers that the ambassador's interpretation of American sentiment would prove useful in the general situation.

Regarding further loans to Europe the President believes they must be made with "discretion," and only in cases where it is apparent they will be used for constructive purposes and not for military or imperialistic purposes, callers were informed.

Washington, May 5.—Ambassador Houghton's maiden speech in London in which he stated with unusual frankness that unless the nations of Europe abandon their warlike dickering and get back to constructive work, they need not look to America for any more help, is an accurate reflection of President Coolidge's views, it was ascertained here today.

As interpreted here, Ambassador Houghton's speech amounted to this:

(1) A direct warning to Europe that there will be no more American loans abroad unless Europe ceases dickering and gets to work.

(2) A more indirect, but nevertheless significant warning to France and her continental allies not to seize upon Von Hindenburg's election as an excuse to "pick on" Germany.

(3) A thinly-veiled admonition to France that she had better abandon her stubborn opposition to the new arms conference which President Coolidge is willing to call, and go along with the rest of the world towards disarmament and less military expenditures.

(4) A notice to Europe and particularly to France that America expects a business-like adjustment of the war-debts.

London, May 5.—English newspapers gave much prominence today to the address last night of United States Ambassador Houghton at the Pilgrim dinner, in which he warned Europe that America's financial and moral assistance would be withheld unless Europe settled its quarrels.

The British foreign office describes Houghton's speech as "interesting" but "ambiguous in parts."

Step Mother-In-Law Of Harding Is Dead

Mrs. Caroline B. Kling Succumbs on Train Taking Her From Her Summer Home to Columbus, Ohio.

Washington, May 5.—Mrs. Caroline B. Kling, 65, step-mother-in-law of the late President Harding, died today on a train taking her from her summer home at Dayton, Fla., to Columbus, Ohio. Mrs. Kling expired as the train was entering Fredericksburg, Va. The body was taken from the train there and will be sent to Columbus tonight.

Price of Gasoline Is Hiked 2 Cents Today

The price of gasoline at local filling stations advanced 2 cents per gallon in price today. The liquid now sells for 22.2 cents, including the state tax. The price at the tank wagon remains at 20.2 cents per gallon.

The advance in the price went into effect at all of the filling stations this morning with the exception of the Standard Oil Co., which has not yet received notice to advance the price.

The Weather

Partly overcast tonight and Wednesday; continued cool; probably frost tonight.

HOWE ABOUT WOMEN.

E. W. Howe has found that equal suffrage, sovietism and the jazz-age are close relations. Says the Kansas sage: "A great many worthy people regard equal suffrage as a step forward. A good many others regard it as an experiment liable to prove as disastrous as sovietism in Russia. Sovietism and equal suffrage have been looked upon with suspicion a long time. Both have been tried and rejected after practical test. Equal suffrage means more than women voting. We never had bobbed hair until we had suffrage. Cigarette smoking was never general among women until the equal suffrage era. Drinking among women was not so common as to excite general comment until after equal suffrage was won. Millions of women regard equal suffrage as warrant for things the Constitutional amendment said nothing about."

A great many people have long ruminated on the relation of votes for women, rolled stockings, boudoir smokes and "mixed" drinks and the causes for the same. But few besides the Kansas editor are so bold as to venture the guess (it can only be a guess) that equal suffrage is to blame for all the calamities which have befallen womanhood since the enactment of the nineteenth amendment. Others are more prone to believe that equal suffrage and the jazz-age have a common ancestor. In this complex society and revolutionary era it is difficult to put one's finger on exact causes and it is dangerous to one's reputed intelligence to offer suppositions as established truths.

And then, the girls and matronly ladies who roll their own, carry a flask and smoke gold-tips won't agree with E. W. Howe that equal suffrage has proven "as disastrous as sovietism" even if it was the seed of bobbed hair and smoking and drinking among daughters and mammas.

Stringent Bank Bills Approved By Governor

Provide Prison Sentence For Granting Excess Loans Or Concealing Them —Introduced by Brownlee.

Jefferson City, May 5.—A drastic measure, designed to keep bank officials from wrecking their own banks, by carrying a penalty from two to ten years imprisonment for granting excess loans, was approved by Governor Baker yesterday. The bill was introduced by Senator Brownlee of Brookfield. The measure was drafted and sponsored by the Missouri Bankers Association.

In a number of bank failures in recent years it developed bank officials had made excessive loans to companies or corporations in which they were interested, resulting in a great loss to depositors.

Another bill by Senator Brownlee and approved by Governor Baker yesterday, provided a jail sentence of one year for bank officials who concealed loans.

Too Much Absorbed In Material Things

Prof. Miller Speaks at First M. E. Church Sunday in Absence of Dr. C. C. James.

In the absence of Dr. C. C. James, who was at Rochester, Minn., Prof. Harry A. Miller of the State Teachers College gave the Sunday morning address at the First M. E. Church.

"In this Twentieth Century life," said Mr. Miller, "we are too much absorbed with material things. America is strangulated with wealth, as we are the center of the world's supply of money. Many of our resources have not yet been touched and many states could support a population ten times as great as the present population."

He added, "Our instinct for the material things has seared over some of our wisest and best instincts of human life. Today people are measured by their bank accounts. I wish that this were not true." He then stated that we are passing into an age in which many do not feel the beauty and music of life.

Professor Miller urged more earnest thinking and a study of the Bible as a means of getting out of the commonplace and cited the lives of several men that he knew to prove his point.

Scholarship Offered By Military School

A $700 scholarship is the big prize that will be pulled down by some high school boy at the Citizens Military Training Camps in the Seventh Corps Area this summer. The camps are held in August at Fort Snelling, Minnesota, Fort Leavenworth, Kansas, and Jefferson Barracks, Missouri, and the scholarship is offered by the Kemper Military School of Boonville, Mo., to the boy that makes the best record at the camps. The scholarship pays for everything except books, uniforms and incidentals for a year at one of the largest and best known boys' schools in the West.

Peter Punkin Eater In the Modern Verse

The following may be characterized as a take-off on the modern verse libre as seen published from day to day by the modern poets. It was written by a 10-year-old girl for a health poem in connection with the nutrition program conducted by the local chapter of the American Red Cross. It is as follows:

PETER PUNKIN EATER.

Peter, Peter Punkin eater;
Had a wife and couldn't keep her.
She couldn't get any bread;
To make her cheeks red;
So Peter knocked her in the head.

More Money In State Treasury

Increase in Balance Caused by Holding up of Warrants.

Jefferson City, May 5.—Missouri started business on May 1 with a total balance of $32,150,167 in the state treasury, compared with a balance of $17,578,775 on April 1, according to announcement today by State Treasurer Gene Stephens. Receipts during the month of April were $4,923,206, while disbursements were only $351,814.

The unusually large balance and the low amount of disbursements from the various funds during the month were caused, it was explained, by the holding up of approximately $6,000,000 of warrants for salaries, expenses, supplies and state accounts awaiting the time for the appropriation bills passed by the legislature to become effective. Governor Baker is expected to complete signing them this week and the held-up warrants can then be released. On May 1 a "cash in the vault" item of $8,064,508 was shown in the treasurer's statement, in which the $6,000,000 held up is included.

The balance in the state revenue fund on May 1, was $3,534,106, according to the treasurer's statement, compared with the balance of $2,716,349 on April 1. Receipts to the fund during April were $1,118,876, while disbursements were only $301,1119. This, too, was caused by the wait for the appropriations.

A balance of $6,624,534 was in the state road fund May 1, compared with a balance of $4,699,220 on April, the statement showed. Receipts to this fund mounted to $2,026,981 during the month of April, while disbursements amounted to $11,666.

The state school moneys fund showed a balance of $1,601, 164 on May 1, compared with a balance of $1,355,307 on April 1, with receipts during April amounting to $245,857. There were no disbursements during the month. A total of $245,767 was transferred from the revenue fund to the state school fund during the month, as provided by law.

Dr. E. L. Crowson of Pickering was a business visitor today.

Blaze Near Orrsburg Causes Heavy Damage

Fire Destroys Two Trucks, Corn, Spraying Material and Other Articles—Origin Is Unknown.

A fire last night destroyed the packing house on the Ford and Ford orchard, about a half-mile east of Orrsburg, and destroyed two trucks, about a hundred bushels of corn, $300 worth of spraying material, twelve beds and bedding and several barrels and kegs. The damage is estimated at about $1,000 and it was not covered by insurance.

The fire was not discovered until this morning when a workman went to the orchard to get a truck.

Ten walls of insulation keep cold in and heat out.
Linings brought back over door. No wood exposed on inside.
Heavy all metal removable ice rack.
Nickel plated non-rusting lever locks and hinges.
Patent removable drain pipe and trap.
Allows free circulation of cold dry air.
Porcelain lining brought way to edge of door frame. No wood exposed inside.
Full rounded corners. No cracks or joints anywhere.
Removed removable wire shelves.
Base board lifts up.

ONE-PIECE PORCELAIN LINED

How much are you paying the ice man?

By strange reasoning many families continue to use the old "ice box" until it practically falls apart—no matter how much ice it consumes, no matter how much food becomes "sweaty," mildews and spoils.

It is false economy—in fact, it isn't economy at all, but an expense. A new, modernly-built, scientifically-constructed refrigerator will not only cut your ice bill away down, but it will properly preserve your foods. Foods cost, per hundred pounds, a great deal more than ice—but both cost enough these days, and are worth saving.

Refrigerator prices, by the way, have come down considerably. Considering that you can have long time credit—as long as you wish—why not come in and get that real refrigerator?

Remember that through our Exchange Department you can turn in your old refrigerator as part payment on a new, genuine Leonard Cleanable.

Miss Penny's Essay That Took First Prize

Aarticle Written by St. Joseph Girl That Was Entered in the District High School Contest.

The following is the complete essay that was written by Miss Freeland Penny, a student of Central High School, St. Joseph, which was awarded first prize in the Northwest Missouri High School contests here recently:

The court room grew silent as the stern-faced judge arose from his seat. The sullen accused sat back in his chair, apparently indifferent to the decision, but in reality greatly disturbed in mind. Amazement, then rage possessed him as he heard the strong, distinct words from the bench.

Sir, your excuse is overruled. The mere supposition, even the actual fact that many other people do not comply with the law in no way justifies your case. There have been many cases like yours, all involving the same principle; around this principle has centered the development of government by man from the stone ages down to the present electrical age."

Blinded by his own ignorance, the prisoner was scarcely able to restrain his surging wrath. On what grounds could they convict him of violating the law when other people got away with the same thing day after day? Distracted from his bitter musings by the sudden vigor of the judge's next point, he listened, unwillingly at first, and then with growing interest, to the words of the bench.

"Government is instituted in a democracy, such as our United States, by the people, to secure the general betterment and prosperity of all the people. Our government was framed by the Constitutional Convention at Philadelphia in 1787, and was adopted by the people throughout the various states. Possibly some of your own ancestors helped to secure its adoption. If they have entered the United States since 1789 they have been bound by allegiance to accept our government. So you see how, in the first place, people gave up certain personal rights in order to establish law and order.

"To satisfy the expectations of those who created it, the government has made and enforced laws; the ideal of the government is not to make laws for the ruling body or party or the temporary authority, but to help and protect all the citizens, individually. Although at times our laws may seem to restrain us too much we must remember the purpose and ideal animating them. Our laws are far-reaching, and on the whole, the lawmakers are men of vision, seeing into the vista of the future, and zealous for good and progress. Laws are ministers to your welfare and to the welfare of your progeny."

At this juncture the speaker's eyes rested on the accused man who, leaning his head on his hands, was attentively listening to him. This show of interest fired the judge to go on and he redoubled his energies. He was filled with a desire to show this offender the error of his way—to set him on the right path of obedience and trustworthiness. He continued:

"In the United States every citizen has or may have a part in the government. This very law which you have violated was established by our forefathers and has stood unchanged. We have a great heritage and a lasting glory in these institutions that have been passed on to us."

By this time all the sullen resentment had left the face of the man before him. The judge became more kindly in voice and manner, and spoke directly to the culprit.

"You are bound by your pledges and your allegiance to maintain and preserve this government. You are very much mistaken if you think that as much honesty is not due the government as is due any business organization. Each citizen is bound by honor to respect the law, regardless of the actions of anyone else.

"Government is a changing thing. A constitution that will not bend will break; ours is flexible in the sense that it may be amended from time to time according to the will of the people; it is fitted to keep step with progress. If you and your friends do not believe that the law which you have violated is well-adapted to its purpose, it is your privilege to try and have it changed or a better one substituted for it; however, until the time the law is officially repealed, you are bound, as has been said before, to respect and obey the existing regulation, regardless of your own beliefs.

"The primary purpose of the American democracy is to secure the rights of the individual. It is a colossal task to secure the rights of one hundred and five million of people. It takes endless compromising. In truth that is what the government is—a compromise; it was founded on compromises and has been maintained by them. Indeed, life itself is made up of compromises; the rights of others have to be considered always. In this light the problem of your violation of the law is solved."

A short prison sentence was pronounced and the case dismissed. The guilty man, now convinced and enlightened, walked slowly and thoughtfully away with the guard. His personal anger had died away. Submissively he fell into step with this great world of compromise.

The Ideal Student is Topic of Discussion

Members of the College Newman Club Hold Meeting At the College This Morning.

Members of the Newman Club discussed "The Ideal College Student" at their meeting this morning at the College.

"The Manners of a College Student" was discussed by Miss Mary Wirth who brought out the points that a student should observe the Golden Rule, that he should be orderly, friendly, should cultivate social manners, practice good sidewalk etiquette, and use good table manners.

"The Morals of a College Student" was the phase on which Miss Mary S. Franken spoke. She believed that a college student should act honestly, be truthful, and obedient.

Miss Rita Kinsella talked on "The Training of a College Student." Miss Kinsella said that an ideal college student trains physically as well as mentally. "The ideal student is an active member of the church of his choice and affilinates himself with organizations connected with that church." She also thought that the college student should train himself to love nature and its beauty.

Kavanaugh Brings In "Crown of Thorns"

Were Gathered By Him On West Coast of Florida—Are Very Rare Article.

Several "crowns of thorns" collected at Sharlet Harbor Bay, on the west coast of Florida, were brought in to the county clerk's office today. They are quite an oddity and created much comment.

The thorns, odd sizes and shapes, were brought back from Florida by J. A. Kavanaugh of Graham, who recently returned from a six months' stay there. Mr. Kavanaugh said that he became "quite a fisherman" while there and that he did not bother with the small fishes, going out after sharks. These thorns are very rare and found only at Sharlet Harbor.

Germany Planning To Seek Another Loan

Dispatch From Strasbourg Says That Berlin Government Has Used Practically All of Initial Amount.

London, May 5.—The possibility that Germany will seek a loan of 375 million dollars by the end of the year was indicated today in a dispatch which the Daily Mail received from Strasbourg. It said that Germany had used practically all of her initial loan granted under the Dawes plan by the Allies and that it is planning to seek another loan.

Appeal Case Against Railroad Dismissed

According to an opinion of the Kansas City Court of Appeals yesterday, that court dismissed the appeal case of Shanks Brothers vs. the Chicago Great Western Railroad company. This suit went up from Nodaway County and the opinion of the Court of Appeals is that the case has been reinstated. The defendants took the appeal to a non-suit filed by the plaintiffs.

French and Native Troops are Fighting

Paris, May 5—A fierce battle is going on today between French troops and Riffian tribesman under Abd-el-Krim at Bibane, French Morocco, and the situation is "serious," the French foreign office admitted this afternoon.

Abd-el-Krim is contemplating a force of 25,000 men, the foreign office said.

The situation was critical, the foreign office pointed out, because of the possibility of revolution of the native tribesmen.

The Home Follows the Automobile, Which Follows Oil

The petroleum industry is a vital factor in upbuilding the home.

Statistics prove that the states which lead in the number of motor cars per 1000 population have the highest percentage of homes owned. Since 1915, home building has followed in direct ratio, the increase in motor car production.

The home follows the automobile, and the automobile followed the wide distribution of gasoline and oils at prices which all can afford to pay.

The low price of gasoline and oil which makes the universal use of the automobile possible is due solely to the intensive scientific work of the petroleum industry.

The Standard Oil Company (Indiana) by the application of modern refinery processes has taken a leading part in creating enormous additional percentages of gasoline from crude. In addition, it has put into operation the first modern, and the most complete system for distribution of oil products.

A few years ago the horse and buggy was the mark of affluence. Only the well-to-do felt able to enjoy such luxury. Today, hundreds of thousands of people go to and from their work in a motor car. Motor vehicles carry 289,000 children to school, every day of the school year.

Home owning is nation building. Crowded industrial cities once threatened to reduce all American families to the ranks of apartment dwellers. The production of an abundance of high-grade, refined petroleum was the scientific achievement which, by making automotive transportation at low cost possible, gave every worker the opportunity to put 20 miles or more between home and job, and enabled him to bring up his children where the air is fresh and the grass is green.

Standard Oil Company (Indiana) service puts oil at the disposal of every motorist in the Middle West. In perfecting this service, this Company has contributed to the upbuilding of thousands upon thousands of happy American homes.

The Standard Oil Company (Indiana) is proud of its part in such constructive work. It is by such achievements that this company attains enduring success.

We *take the* Responsibility

We have one hard-and-fast rule here. That is, that every tire or tube we sell must deliver full and satisfactory service.

We stock the tire — we sell it — we make certain representations as to its merit — and if for any reason the tire proves unsatisfactory, the responsibility is ours — fully and completely.

Of course, it would be business suicide if we tried to apply that policy to many tires offered motorists — but with Diamond Tire Quality back of it . . . that's another story!

Reed Talks On Life Of Paul At Y M Meet

The Young Men's Christian Association opened its 9 o'clock meeting today at the State Teachers College with the singing of "America." The devotional was led by Wilson Craig who read the thirteenth chapter of first Corinthians followed by a prayer. A very good piano number was "Beautiful Star of Heaven" played by Earl Wyman.

The talk this morning was given by Arthur Reed who talked on "Life of Paul," tracing the Apostle Paul's early training, his first teachings, his conversion on the road to Damascus and his later teachings and journeys.

The program this morning was given entirely by the Association's own members.

A nominating committee will select men to hold office during the summer quarter, and will present their names at the next meeting.

Session Acts Being Edited

Books Will Be Ready By July 9, When 186 New Laws Will Go Into Effect.

Jefferson City—The editing and compiling of the official Session Acts of the last Missouri General Assembly is going forward in the publications department of the office of the secretary of state, under the direction of Charles W. Fear of Joplin, publications clerk.

The Fifty-Third General Assembly which convened Wednesday, January 7, last, and adjourned April 9, passed 186 bills and left them with the governor for his signature. Under the law, these bills must be printed in book form. The task of editing and compiling the acts, according to Mr. Fear, will require several weeks. One of the most tedious jobs in connection with the editing is the indexing of the bills, he declared.

The Session Acts automatically become laws on July 9, next, ninety days after the adjournment of the legislature. They will be ready for distribution at that time Mr. Fear said.

Copies of the Session Acts will be distributed among the members of the legislature, the judges of the state, and all state and county officials. Copies will be placed on sale in the offices of the county circuit clerks at fifty cents each.

The cost of issuing the Session Acts, Mr. Fear stated, is approximately $2 per copy. The state can sell them for only fifty cents the copy under a law passed in 1899, fixing the price at that figure.

facts about Child-birth

IT has been proven conclusively that much of the suffering, pain and dread experienced during *expectancy*, as well as at *child-birth* is entirely *unnecessary*.

An eminent physician, Dr. J. H. Holmes, expert in this science, first produced the great remedy "Mother's Friend," which aids the muscles and tissues to expand more *easily*, during the constant readjustment, month after month, right up to the climax of *child-birth*.

"Mother's Friend" is applied externally. Three generations of expectant mothers have used it. "Pains disappeared in two days after using 'Mother's Friend,'" writes a user. "I owe my life to 'Mother's Friend,'" declared another. Use "Mother's Friend" as our mothers and grandmothers did, start *today* and experience the wonderful comfort it will give you.

Income Tax Publication By Newspapers Upheld

District Court of Appeals Overrules Application for Injunction By Gorham Hubbard of Boston.

Washington, May 5.—The right of newspapers to publish income tax returns was upheld yesterday in a decision rendered by Judge Hatfield in the district court of appeals.

The same question is now before the United States Supreme Court and is slated for early decision.

Yesterday's decision was given in the case of Gorham Hubbard of Boston who, when the publication of income taxes was first started, applied for an injunction to prevent the treasury department from giving newspapers access to the treasury records.

Farm Products Higher Than April, 1924

Agricultural Authorities Say Big Difference in Monetary Returns to Producer.

Jefferson City, Mo., May 5.—Farm products of Missouri which were sold in large quantities during the month of April were higher than in the same month a year ago, making a material difference in monetary returns to the farmer, according to Jewell Mayes and E. A. Logan, state and federal agricultural authorities, respectively, with headquarters here.

Milk cows, horses and mules, the report of the authorities says, are selling at the farm for virtually the prices of a year ago, but hogs, beef cattle, veal calves and lambs, which are sold in much greater quantities are higher. Green hides and wool also bring better prices this year.

April and May prices on corn, wheat and rye are higher than a year ago, although oats and hay are lower. Fruits and vegetables are higher, with the exception of potatoes and cabbage.

Chickens, eggs and turkeys are above the prices of last year, butterfat and country butter are slightly higher and milk has been about on a par with quotations last spring.

Farm seeds are generally higher, with the exception of timothy and cottonseed. Broom corn has dropped to about one-half the April, 1924, grower's price.

Of commodities that the farmer is obliged to purchase, clover and alfalfa seed, corn meal, gasoline, flour and coffee are higher on an average, while wheat bran is the same. Reductions are noted in the prices of timothy, cotton seed meal, coal, potatoes and sugar.

Some of the average prices for the middle of April, received by farmers at their local stores or loading stations, were: Milch cows, $49 per head; horses, $58; mules, $89; cow hides, green, 6½ cents per pound; wool, unwashed, 39 cents per pound; corn, $1.04 per bushel; wheat, $1.50; oats, 56 cents; hay, timothy, $12.55; clover, $13.60; alfalfa, $15.70.

PAVING RESOLUTION NO. A 20.

A resolution for grading, paving, curbing and otherwise improving Fillmore street, from the north line of fourth street to a point seven and one-half feet south of the north line of Eighth street, also called North street, except existing paving at Seventh street, in the City of Maryville, Missouri.

Be it resolved by the Council of the City of Maryville, Missouri, as follows to-wit:

SECTION 1. That it is hereby declared necessary to bring to the established grade, pave, curb and otherwise improve the roadway of the following street, in the City of Maryville, Missouri:

Fillmore Street, from the north line of Fourth Street to a point seven and one-half feet south of the north line of Eighth Street, also called North Street, except existing paving at Seventh Street.

Including the street and alley returns to a distance of three feet from face of curb, with the following width of roadway from face of curb to face of curb; 23 feet 11 inches in width.

SECTION 2. That the said grading shall consist of bringing the roadway of said street to the established grade, as provided by Ordinance No. 1012 of the City of Maryville, Missouri, by cuts and fills and by excavation sufficient to provide for the aforesaid paving, as shown by profiles of said street now on file in the office of the city clerk.

Said paving shall consist of 7-inch re-enforced concrete paving laid on a well rolled sub-grade.

The curb shall consist of an integral curb, constructed of concrete. The curb to be 5 inches wide at top, and 6 inches at bottom, and an average depth of 13 inches.

All the aforesaid improvements shall be constructed in strict accordance with the plans and profiles therefor now on file in the office of the city clerk.

SECTION 3. The cost of said work, to-wit: gradjng, paving, curbing and otherwise improving, including the cost of bringing said streets to the established grade shall be levied as a special assessment upon all lots and tracts of land upon either side of said street improvement abutting thereon, as provided by law, and special tax bills, bearing interest at the rate of 8 percent per annum after 30 days shall be issued to the contractor for payment of said work.

SECTION 4. This resolution shall be published for seven consecutive insertions in the Democrat-Forum, a daily newspaper published in said city.

Passed and approved this 1st day of May, 1925.

W. O. GARRETT, Mayor.
Attest: MERLE COOPER SMITH, City Clerk.

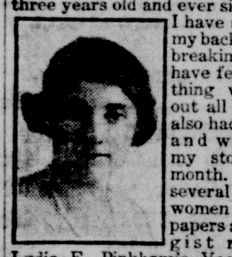
WOMAN'S BACK STOPPED ACHING

I Suffered Three Years. Relieved by Taking Lydia E. Pinkham's Vegetable Compound



St. Paul, Minn.—"I have a little girl three years old and ever since her birth I have suffered with my back as if it were breaking in two and I have felt as if something were falling out all the time. I also had dizzy spells and was sick at my stomach every month. I had read several letters of women in the newspapers and the druggist recommended Lydia E. Pinkham's Vegetable Compound to my husband for me. As a result of taking it my back has stopped aching and the awful bearing-down feeling is gone. I feel stronger and do all of my housework and tend to my little girl. I have also taken Lydia E. Pinkham's Liver Pills for constipation. I have recommended these medicines to some of my friends and you may use this letter as a testimonial if you wish. I will be pleased to answer letters of other women if I can help them by telling them what this medicine has done for me."—Mrs. PRICE, 147 W. Summit Avenue, St. Paul, Minnesota.

MOTHERS TO BE GUESTS

MANAGEMENT OF LOCAL BALL CLUB TO OBSERVE THE DAY

WILL PLAY ROCK PORT

This Game Will Be the Second on Home Ground This Season—Probably Use Joy on Mound

Mothers' Day, May 10, will be observed by the Maryville Merchants' Baseball Club by admitting all mothers free to the baseball game between the M. M. B. C. and the baseball team from Rock Port.

Bob Liley, manager of the M. M. B. C. announced this morning that he had booked a game for next Sunday with the Independent Ball Club of Rock Port, which in former years has been a salaried team. The manager of the Rock Port team could not announce this early in the week what battery he would use.

Mr. Liley stated that he would probably start Gordon Joy, member of the State Teachers College track team, who won his letter in basketball last season, on the mound for the local club with Charles ("Toots") Wiles behind the plate.

This week will be devoted to tightening up of the infield defense of the Maryville team. A few errors were chalked up against the infield men last Sunday that let in a couple of unearned runs and the practice will be along this line this week on a strenuous order if the weather permits.

The Mothers' Day game this coming Sunday will be called at the usual time, 2:30 o'clock at the old fairgrounds.

Dr. Keller to Speak At 15 Commencements

College Professor Declined Nineteen Calls on Account of Conflicts—Calls From 18 or 19 Counties.

Dr. Fred Keller of the College faculty has accepted fifteen calls for commencement addresses at high schools in Northwest Missouri this spring, the largest number which he has ever given in any one season.

Three of these were dated a year ago and seven were repeat calls. It was necessary for him to decline thirty-five calls, including three county seat towns and two Iowa cities, on account of conflicts. Extension classes meeting on Friday and Saturday nights prevented the giving of three more.

On April 14, Dr. Keller had charge of the two Sunday services at Harmony Church. Recently he has spoken at assemblies at Princeton, Trenton, and Ravanna High Schools, and has delivered high school commencement addresses at the following places: Gaynor City, April 14; Mercer, April 16; and Ravanna, April 23. Dr. Keller is scheduled to speak this month as follows: Clinton County rural school commencement at Plattsburg, May 1; Sheridan High School, May 6; Darlington, May 7; Boomer, Linn County, May 8; Coffey, baccalaureate sermon, May 10; Central Consolidated High School, Hardin, May 12; Worth, May 13; Osborn, May 14; New York Consolidated near Hamilton, morning May 15; Maitland, evening May 15; Altamont, May 16; and Excelsior Springs High School, May 21.

This year, Dr. Keller has had calls and filled dates in eighteen of the nineteen different counties in this district and in addition has had calls or filled dates or both in Linn, Knox, Lewis, Oregon, Jackson, Boone, and Green Counties, with two calls from Iowa and one from Nebraska. He has also met fifty extension classes, given forty-seven addresses, and judged several contests.

Two To Graduate From Conception Jct. H. S.

Commencement Exercises to Be Held On May 15—Eek to Give Address—Dr. James Gives Baccalaureate.

Two boys, Harry Noah and Orville Hedges, will be graduated from the Conception Junction High School on May 15. L. M. Eek of the Maryville Chamber of Commerce will deliver the commencement address.

This is the first time in the history of the high school at Conception Junction that students have been graduated from an institution of first class rating. The fourth year's work was added this term.

Dr. C. C. James, pastor of the First M. E. Church, will deliver the baccalaureate sermon on Sunday evening, May 10.

On next Wednesday evening, the grade pupils will present the operetta, "The Posey Bed," which will be given at the Pastime Theater.

The eighth grade class night will be held on Thursday evening, May 14.

A basket dinner will be served on the M. E. Church lawn, Friday, May 15. Everyone is invited to bring a basket.

Mrs. James Home.

Noted Tenor Is Cousin Of Mrs. C. E. Wells

Ernest Davis Will Appear on Artists Program at State Teachers College Auditorium Tonight

Ernest Davis, noted American tenor who appears on the artists program

ERNEST DAVIS

at the College at 8:15 o'clock tonight, is a cousin of Mrs. C. E. Wells of Maryville.

He was born in Iola, Kan., and began life on a farm and there are few Kansans and, for that matter, few Americans, who have travelled the thorny road that Davis did .Governors who have started life as errand boys, railroad presidents who had their beginnings as newspaper boys and financial wizards whose early operations consisted of bartering buttons and sea-shells, can not point to any more picturesque rise to fame and achievement, than Ernest Davis. As a boy he came to Lindsburg and brought along an equipment, consisting of a genial personality, unbound enthusiasm, determination, $3.75 in cash and a motorcycle. He began by selling and repairing motorcycles in order to study piano tuning; then he tuned pianos in order to study voice; and when his vocal studies were too much for his neighbors, he had recourse to his motorcycle to escape their wrath; then his genial personality would unfailingly win back the favor of his neighbors.

Fords in New Home.

Senator and Mrs. M. E. Ford have taken possession of their new home on the corner of Grand and Normal avenues which they recently purchased from Mr. and Mrs. J. E. Holt.

Mrs. Will Hantze of the Gaynor neighborhood was admitted to St. Francis Hospital last Friday for treatment. She will probably undergo an operation.

Mr. and Mrs. George Kirchofer spent the week end with the latter's parents, Mr. and Mrs. W. F. Riddell of Kidder, Mo.

Only One Woman In Symphony Orchestra

Miss Jenny Cullen, Violinist, Has Contract Solely Upon Her Ability To Carry Share of Load.

No doubt the first thing that attracted the attention of the audience that heard the Minneapolis Symphony Orchestra at the College last night was the presence of a woman in the orchestra. Miss Jenny Cullen, Violinist, enjoys the distinction of being one of the very few women now playing with any ranking symphony orchestra in America.

MISS JENNY CULLEN

With utter disregard for the tradition and conventions which have ruled out women from most symphony orchestras in the United States, the management of the Minneapolis Orchestra rested their decision to offer Miss Cullen a contract solely upon her ability to carry her share of the load. For eight years concertmaster of the famous State Symphony Orchestra of Sydney, Australia, and previous to that a playing member of the renowned Scottish Orchestra of Glascow, Scotland, Miss Cullen has had wide experience, and is rated by discerning critics as a truly great violinist.

A native of Glascow, Scotland, Miss Cullen, has been a pupil of Henri Verbrugghen, conductor of the Minneapolis Orchestra since she was a child of thirteen. On the concert stage in Scotland, England and on the Continent, she achieved phenomentl success. However, the arduous duties of constant recital tours soon dulled her interest. Miss Cullen is happy to be associated with the great orchestra, playing the masterpieces of all times, enjoying to the full the development of her art. In addition to her orchestral duties Miss Cullen plays second violin in the noted string quartet organized by Mr. Verbrugghen twenty years ago.

To P. E. O. Convention

Mrs. Frank Garrett and Mrs. G. B. Roseberry went to Chillicothe today to attend the annual convention of the Missouri State Chapter, P. E. O., as delegates from the Maryville organization. Mrs. Albert Mutti and Mrs. R. A. Turner are representatives from Chapter K, Hopkins.

Ellerton Ware of Hamburg, Ia., spent Sunday with Maryville friends.

J. A. Smith Is Made Defendant In Suit

Doll & Smith, a corporation, with headquarters in New York City, filed suit in circuit court today for the October term against James A. Smith on a contract.

The plaintiff is suing for the collection of $104 alleged due for fifty-two cuts and reading matter to be used in advertising the plumbing and heating business of the defendant.
